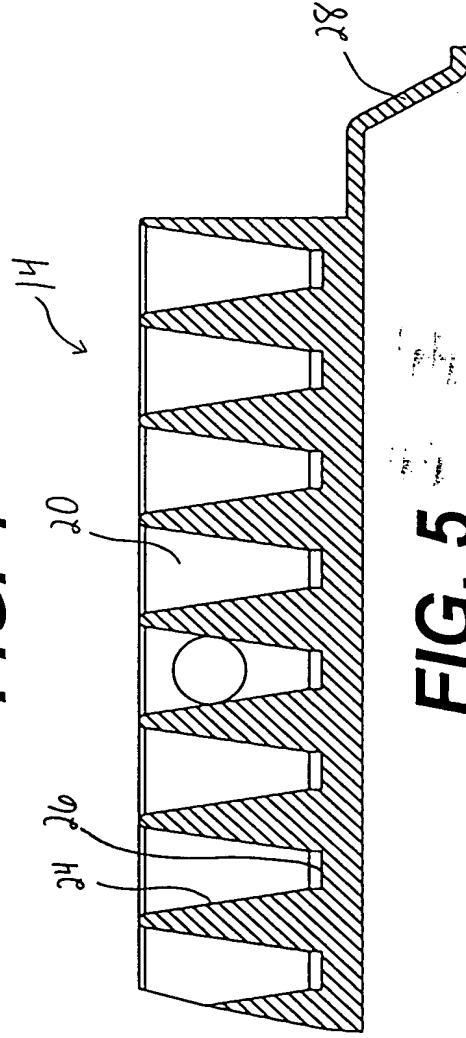

FIG. 5

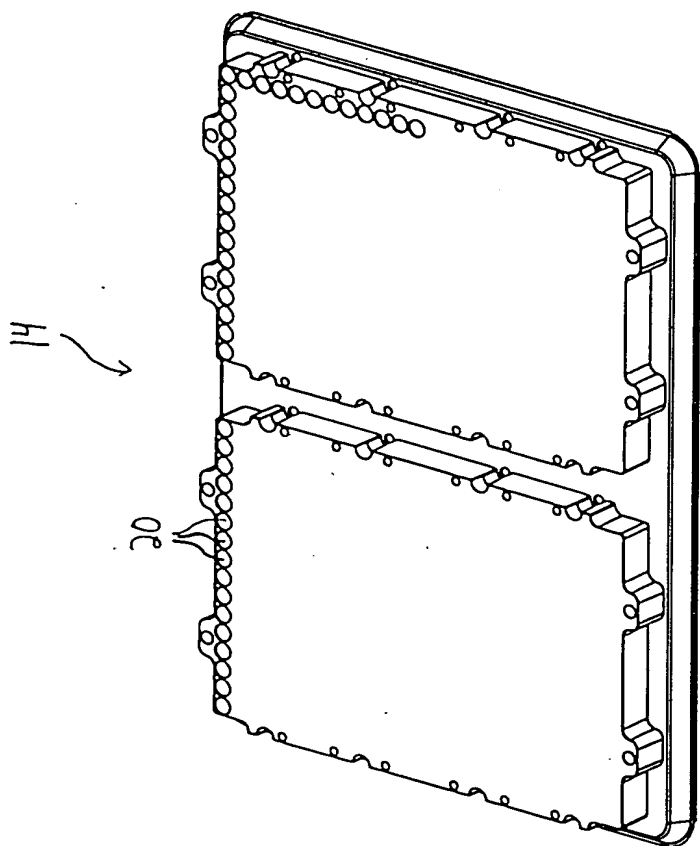

FIG. 6

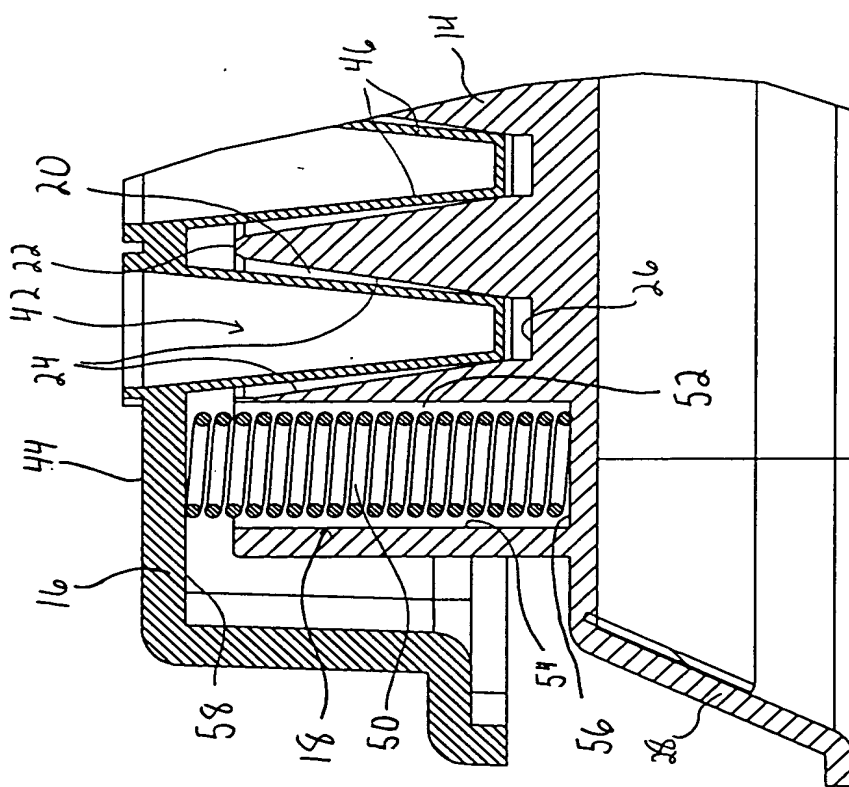

FIG. 7

A cross-sectional view of a multi-layered structure. A central rectangular cavity is formed by a top layer (16) and a bottom layer (14). The bottom layer (14) has a sloped bottom surface. A side layer (18) is positioned to the right of the cavity. A diagonal line (42) is shown within the bottom layer (14), possibly representing a joint or a specific material boundary. The top layer (16) has a rounded top edge. The side layer (18) has a sloped top surface.
